- Item selection navigates to ingredient selection page

- 
- Make Ingredient selection page look better
  - Implement cart context into the order summary page

Task Assignments:

Task Description	Assigned to
Item Naming Scheme	everyone
Item Selection navigates to ingredient selection	Alex
Make Ingredient Selection Page look better	Jack
Cart context for order summary	Trenton

## Minutes from Previous Meeting

In our meeting, we reviewed each team member's progress, discussing their completed work and any blockers they encountered. We went over the tasks that have been finished and those that remain. Additionally, we documented our discussion in the meeting notes and uploaded them to GitHub for reference. The meeting was a general recap of our progress. All team members were still working on their portion of the project.

Minutes in Bullet Form:

- Went over what everyone did, what they have done, and any blockers they had
- We went over completed tasks
- We went over remaining tasks
- We filled out the meeting notes
- We uploaded the notes to github
- Members still working on assignments.
